Murad Method™ Facials

Murad Method™ facials are a new and entirely personalised concept in high-performance professional skincare from internationally renowned skincare brand Murad.

The ground-breaking, dermatologist-developed combinations and techniques are designed to make skin as healthy as it can be, giving noticeable results and leaving skin looking beautiful.

The facials are inspired by Dr. Howard Murad's Connected Beauty philosophy, an innovative approach which helps you to Nourish the skin through high-performance skincare, Eat your Water through diet and supplements, Awaken Your Body through exercise and Be Kind to Your Mind by managing stress and cultivating happiness.

Traditional facials are developed to address a single skin concern, such as lack of firmness or blemished skin. However, Dr. Murad understands that only healthy skin can be truly beautiful and that no two skins are the same. This has led him to develop the Murad Method facials, part of the Next Generation of sophisticated, wholly customised solutions for maximum skin health.

During your facial, your therapist will spend time analysing your specific skin type before designing a bespoke facial to address multiple skin concerns. The facial also includes touchpoint massage techniques to help relieve stress for ultimate relaxation and mindfulness. Skin will be left noticeably healthier and more beautiful.
